

Ichthys Project onshore LNG facilities Update

Community Bulletin #60 – JKC Australia LNG Pty Ltd

This week JKC advises that construction activities at our work sites will include:

Blaydin Point

- Two trucks carrying long, oversized loads of materials required for foundation preparations travelling from East Arm to site via Tiger Brennan Drive, Stuart Highway, Jenkins Road and Channel Island Road, every three days
- Foundation preparations will continue on site this week
- Nineteen road trains carrying large piles and material and three trucks daily carrying office modules from East Arm Port to site via Berrimah and Wishart roads, Elrundie Avenue and Channel Island Road to site
- Ten road trains daily from Jenkins Road quarry, via Jenkins and Channel Island roads to site
- Small rock transport by eight road trains daily from Yebna quarry via Stuart Highway and Jenkins Road to site
- Eighteen road trains daily transporting crushed rock from Mt Bunday quarry via the Arnhem and Stuart highways and Jenkins Road to site
- Six concrete trucks daily transporting concrete from a batching plant on Channel Island Road to site
- Six concrete trucks daily travelling from Winnellie batching plant along Tiger Brennan Drive, Wishart Road, Elrundie Avenue and Channel Island Road to site
- Eight trucks daily from interstate via Stuart Highway, Jenkins and Channel Island roads to site
- Twelve road trains daily carrying fill from Howard Springs quarry via Howard Springs
- Two road trains travelling from Syrimi Road via Wishart Road, Elrundie Avenue and Channel Island Road to site, and same route from Tivendale Road, as needed.
- Two shifts working 10 hours per shift, with maintenance performed between each shift

Marine Safety

For those using the harbour, please remember to stay well clear of the 250m marine safety zone surrounding construction activities for the Module Offloading Facility and Jetty at Blaydin Point and keep well away from large vessels.

JKC and our subcontractors are committed to the safety of the community and our workers – please help us to continue to share the waterways safely.

Marine activity

- Foundation preparations on the Jetty area will begin this week. You may notice more marine activity around the Blaydin Point site
- Small craft will soon position underwater noise monitoring devices in the harbour and these will be marked by buoys.
- Slow down around moored vessels or if you see a flag like this: 

A jack-up barge which will be used in marine construction

Ichthys Project onshore LNG facilities Update

Howard Springs Accommodation Village

- Street lights on Howard Springs Road have been commissioned
- Work will continue at the intersection of Madsen and Stow roads for the next few weeks during the finalisation of Power and Water's connections to the site
- Construction of the internal security fence is almost complete. A small section of the temporary fence is still in place until work on the Madsen and Stow road intersection is complete
- Six concrete trucks daily travelling from Winnellie batching plant along Tiger Brennan Drive, Stuart Highway and Howard Springs Road to site
- Extended working hours will be necessary until July as we near commissioning of Phase One.
- Normal activities will continue from 7am to 7pm Monday to Saturday
- Low impact activities will continue from 7pm to midnight Monday to Saturday
- Sunday site works will include both internal and external work. Work hours will be restricted to between 9am and 4pm

Appropriate dust suppression and street sweeping measures are in place at all JKC construction sites. All truck rock loads are covered. Noise, dust and road conditions will continue to be monitored.

Interested in working at Howard Springs Accommodation Village?

ESS Larrakia will operate and maintain the HSAV. To do this they will require people to fill roles in food and beverage, administration and cleaning. Come along to the job information sessions and hear about available roles, which residents of Howard Springs and the greater rural area are encouraged to apply.

Howard Springs Community Hall (Howard Hall) this week.

- Saturday 6 July from 10am to 12pm

ESS Larrakia's Account Manager Tony Miller speaks at an information session at Howard Springs last week.

JKC and our subcontractors are committed to the safety of the community and our workers – please help us continue to share the roads safely.
