

This week JKC advises that construction activities at our work sites will include:

Blaydin Point

- Heavy rock transport by eight road trains daily from DAC Howard West quarry (Yarrowonga) via Stuart Highway and Jenkins Road to Blaydin Point
 - Small rock transport by eight road trains daily from Yebna quarry via Stuart Highway and Jenkins Road to site
 - Two road trains daily transporting crushed rock from Mt Bunday quarry to the concrete batching plant on Channel Island Road
 - Sixteen road trains daily transporting crushed rock from Mt Bunday quarry to site
 - Four concrete trucks daily transporting concrete from a batching plant on Channel Island Road to site
 - Five road trains daily transporting poly pipe and fittings from interstate via Stuart Highway and Jenkins Road to site
 - Six road trains daily from East Arm Port along Wishart Road, Elrundie Avenue and Channel Island Road to site
 - From 13 April one road train daily transporting cable drums from interstate via Stuart Highway and Jenkins Road to site
 - Ongoing ground improvements for the Module Offloading Facility (MOF) causeway
 - Operation of two shifts working 10 hours per shift, with maintenance performed between each shift
- ***For those using the harbour please remember to keep your vessel at least 250m away from construction activities located near the Module Offloading Facility at Blaydin Point.

Howard Springs Accommodation Village

- Replacing the temporary fence with permanent stock fence along the perimeter of the site, continuing until mid-April
- Ongoing construction of the sewerage headworks linking with Palmerston sewerage system including work on Lambrick Avenue near Zuccoli & adjacent to Stuart Highway

- Installation of high voltage power lines along perimeter of site on Stow Road by Power and Water Corporation. This activity will take approximately two weeks to complete
- Traffic control in place on Lambrick Avenue is ongoing as part of pump station works
- Small rock and fill transport by two road trains daily from Howard Springs quarry along Gunn Point Road and Howard Springs Road to site
- Small rock fill transport by one road train daily from Mt Bunday quarry along Arnhem Highway, Stuart Highway and Howard Springs Road to site
- Small rock fill transport by one road train daily from a business on Henning Road, along Stuart Highway and Howard Springs Road to site
- Six concrete trucks daily travelling from Winnellie batching plant along Tiger Brennan Drive, Stuart Highway and Howard Springs Road to site
- Buslink Vivo, conducting work associated with the Accommodation Village, moving fill from the Holtze Prison in six trucks site along Howard Springs Road and AAAA Road to the temporary transit terminal site
- All other ongoing site preparation and construction activities will be conducted from 7am to 6pm with some Sunday work inside buildings

Regular patrols of the Howard Springs Accommodation Village (internal and external) are ongoing to ensure safety and security. If you see anything suspicious in the vicinity of the site please contact the Community Relations Team on the JKC Community Feedback line 1300 724 795

Appropriate dust suppression and street sweeping measures are in place at all JKC construction sites. All truck rock loads are covered. Noise, dust and road conditions will continue to be monitored.

JKC offices will be closed on Good Friday and Easter Monday. We wish you a safe and Happy Easter.

Employment enquiries:

Go to www.ichthysjobs.com to register your interest. If you have difficulties online please seek assistance at our Construction Employment Mobilisation Centre, 22 Mitchell Street, Darwin, from 10am to 4pm, Monday to Friday, or call (08) 8980 9999.

**JKC and our subcontractors are committed to the safety of the community and our workers
– please help us continue to share the roads safely.**
