

Ichthys Project Onshore LNG Facilities Update

Community Bulletin #91 – JKC Australia LNG Pty Ltd

JKC Project director John Bramley (centre front) with sponsorship recipients from back left Ray Goodman (Darwin Game Fishing Club), Ben Cocker (Wanderers FC), Natalie Stephenson (Darwin High School Drama Program), and Aaron Motlop (Wanderers FC). Front from left Steve Roberts and Roxsean Edwards (Darwin Game Fishing Club) and Wanderers juniors co captains Leslie Maroney and Zane Lopez.

JKC sponsorships support Top End community pursuits

Recreational fishing, performance art and football are three popular Darwin community pursuits which illustrate the rich diversity of the region in which JKC is delivering the Ichthys Project Onshore LNG Facilities.

JKC is committed to contributing to the community in which it operates through legacies and sponsorship of activities or events that align with Project values. These are to deliver environmental, social and economic outcomes.

JKC's Sponsorship Program has identified three successful applicants for its 2013 round of contributions:

- Darwin Game Fishing Club's Barra Classic - \$3000
- Darwin High School Drama Program – A donation of a portable sound system to enhance students' performance
- Wanderers Football Club - \$15,000 as the second year of a three year sponsorship worth \$45,000

JKC Project Director John Bramley said the Project was proud to contribute to organisations which enhanced the social fabric of the Darwin community.

"JKC is very pleased to support initiatives which share our values," he said.

"The Darwin Game Fishing Club is committed to ensuring the health of the Darwin Harbour by educating the public about correct 'catch and release' fishing, and this is aligned with our Project commitment to ensuring that the Harbour remains protected.

"Our support of Darwin High School's drama program contributes to Darwin's cultural life, and encourages participation in the arts.

"JKC is now in its second year of supporting the NTFL Wanderers Football Club's junior program. This reinforces our commitment to promoting a healthy lifestyle through sport, and the club's commitment to encouraging its juniors towards education and training."

JKC is now welcoming applications for its 2014 round of sponsorships, which close on June 13. For information, please email sponsorship@jkc-lng.com

Ichthys Project Onshore LNG Facilities Update

This week JKC advises that construction activities at our work sites for the period 8 – 14 March will include:

Blaydin Point

- Eight trucks daily carrying long, oversized loads of materials required for foundation preparations travelling from East Arm Port to site via Tiger Brennan Drive, Stuart Highway, Jenkins and Channel Island roads*
- Forty-two road trains daily carrying large piles and material from East Arm Port to site via Berrimah and Wishart roads, Elrundie Avenue and Channel Island Road*
- Twenty-five road trains daily transporting crushed rock from Mt Bundey quarry via the Arnhem and Stuart highways, Jenkins and Channel Island roads to site *
- Three trucks daily transporting material from the Sunday Creek quarry via the Arnhem and Stuart highways, Jenkins and Channel Island roads to site
- Six concrete trucks daily from Winnellie batching plant along Tiger Brennan Drive, Wishart Road, Elrundie Avenue and Channel Island Road to site
- Ten trucks daily from interstate via Stuart Highway, Jenkins and Channel Island roads to site
- Eight trucks daily carrying fill from Howard Springs quarry via Howard Springs Road, Stuart Highway, Jenkins and Channel Island roads to site
- Twelve trucks daily carrying fill from DAC Howard West quarry via Tulagi Road, Stuart Highway, Jenkins and Channel Island roads to site
- Forty-six buses daily carrying workers from Darwin and Palmerston to site

* Some restrictions are in place on roads in the Northern Territory. Routes and numbers of trucks will be dependent upon restrictions.

Employment enquiries

To register your interest to work on the Project, go to www.ichthysjobs.com. If you have difficulties online please seek assistance at our Construction Employment Mobilisation Centre (CEMC), 22 Mitchell Street, Darwin, from 10am to 4pm, Monday to Friday, or call (08) 8980 9999.

Manigurr-ma Village

- The weekly cyclone alarm testing will occur each Tuesday at 4pm
 - Twenty buses daily from Manigurr-ma Village to Blaydin Point
- Six buses daily carrying existing construction workforce from the permanent Yarrowonga park'n'ride facility to Manigurr-ma Village via the Stuart Highway and Howard Springs Road
- Six concrete trucks daily travelling from Winnellie batching plant along Tiger Brennan Drive, Stuart Highway and Howard Springs Road to site
 - Two trucks fortnightly from interstate via Stuart Highway to site
 - Work at the intersection of Madsen and Stow roads is continuing
 - Normal activities will continue from 7am to 7pm Monday to Friday and Saturday 7am to 3pm

Park'n'ride Facilities

- A permanent park'n'ride facility is now available at Georgina Crescent, Yarrowonga
- The park'n'ride facility at the Darwin International Airport is also available

Appropriate dust suppression and street sweeping measures are in place at all JKC construction sites. All truck rock loads are covered.

Noise, dust and road conditions will continue to be monitored.

Talk to the team

Howard Springs shops

Thursday 13 March 3.30 – 5.30pm

Palmerston Shops

Friday 14 March 3.30 – 5.30pm

Ichthys Project Onshore LNG Facilities Update

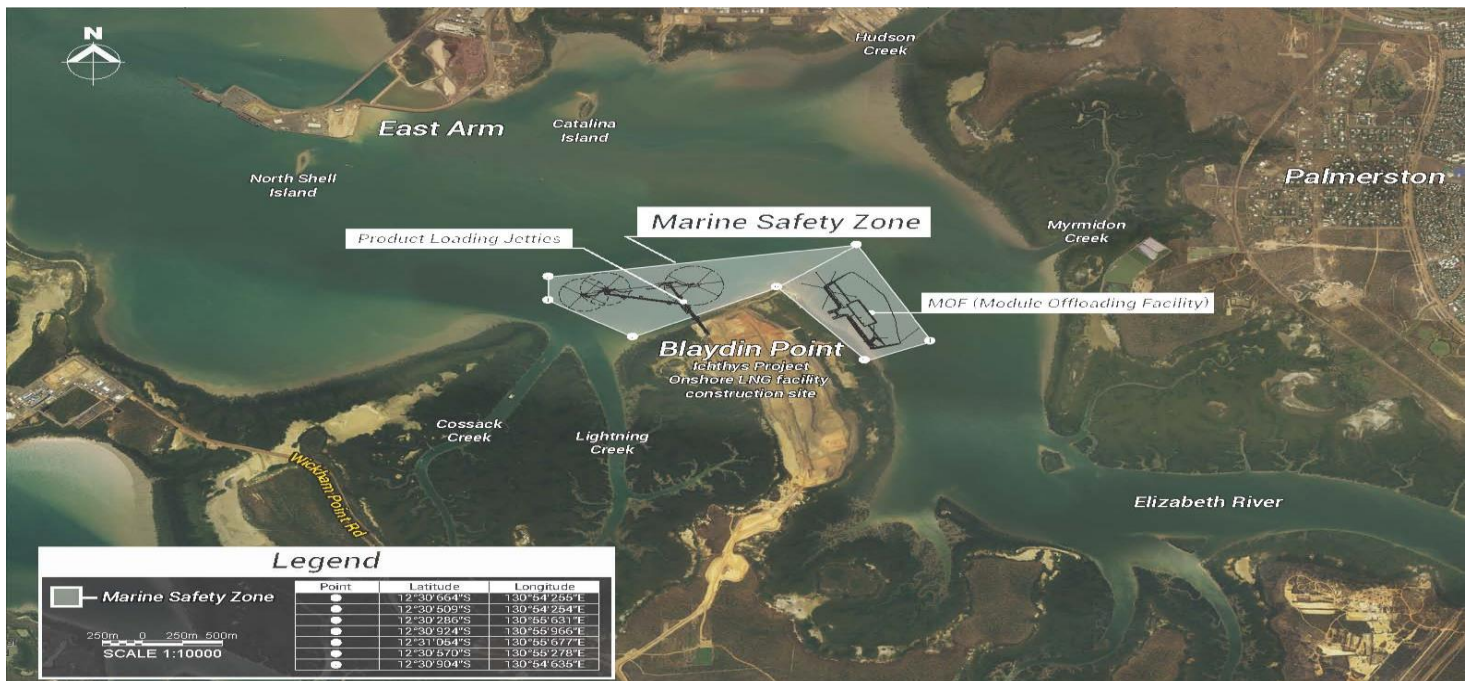

Come and cheer on the JKC-sponsored Wanderers juniors this weekend

JKC encourages footy fans to support the young Muk Muks in their NTFL finals at TIO stadium this weekend. The Wanderers Under 12s play Magpies White at 6.45pm on Friday night, while the Under 16s play Southern Districts at 1pm on Saturday. The junior women's Wanderers team play St Mary's in the Grand Final on Saturday morning at 10.30am.

Marine activity – advice to snorkelers, divers, boaties and harbour users

Module offloading facility (MOF) and Jetty

- A number of marine vessels are now in Darwin Harbour working on the MOF and jetty near Blaydin Point
- The cantilever bridge, a large piece of equipment being used to construct the jetty, is now out over the water. Please obey the 250 metre safe distance
- Production piling is ongoing at the MOF and jetty. Accompanying monitoring vessels will be in the area
- A number of barges are working around the MOF and jetty
- Slow down around moored vessels or if you see this flag  indicating there are divers in the area

For up-to-date information on activities in the harbour, please remember to always check the Notice to Mariners at www.darwinport.nt.gov.au, which includes information on hazards and safety zones.

Alternatively, you can call the Community Feedback number 1300 724 795 for more information.

Please help us continue to share our waterways safely.
