

Ichthys Project Onshore LNG Facilities Update

Community Bulletin #136 – JKC Australia LNG Pty Ltd

Darwin local Anthony Smith delivering an Ozhelp A.L.E.R.T. (Awareness and Links Enable Resilient Trades) workshop at Bladin Point

OzHelp building resilience on Project

OzHelp was recently contracted to the Ichthys Project to support the health and wellbeing of the workforce.

The team from OzHelp have been getting out and about generating significant interest with their activities at Bladin Point during the day, and at Manigurr-ma Village two evenings a week.

More than 1050 people on the Project have participated in regular OzHelp activities such as Tradies' Tune Ups, Hard Hat Chats, A.L.E.R.T workshops, OZConnect BBQs and suicide prevention training.

A.L.E.R.T workshops have proven to be popular with more than 200 participants increasing their awareness and understanding about mental health and resilience.

More than 260 people on the Project have had a Tradies' Tune Up which is a 20-minute check up with a registered nurse that involves blood pressure, glucose and cholesterol checks, along with advice for maintaining a healthy lifestyle while dealing with the unique requirements of the construction industry.

OzHelp is not a crisis service, but works with other organisations nationally to provide mental health support. Readers seeking more information about [OzHelp services](#) can contact 1300 OZHELP (1300 694 357).

If urgent support is needed or you are worried about someone, you can contact Lifeline Australia on 13 11 14 or Beyondblue on 1300 22 4636

Employment enquiries

To register your interest to work on the Project, go to www.ichthysjobs.com.

If you have difficulties online please seek assistance at our Construction Employment Mobilisation Centre (CEMC), 22 Mitchell Street, Darwin, from 10am to 4pm, Monday to Friday, or call 8931 8999.

Talk to us

Due to inclement weather, our shop drop in sessions this weekend have been postponed with new dates to be confirmed in Community Bulletin #137. **To talk to us, please call 1300 724 795.**

Ichthys Project Onshore LNG Facilities Update

Marine activity – advice to snorkellers, divers, boaties and harbour

Module offloading facility (MOF) and Jetty

- A number of marine vessels are now in Darwin Harbour working near the MOF and on the construction of the jetty near Bladin Point
- Please obey the 250 metre marine safety zone
- Please also check the Mariners' Notices regarding the maritime security zone
- The MOF is now operational and subject to all maritime security regulations
- Large marine vessels and transport barges with associated tugs will be transiting the area
- These vessels are restricted to operations within the marked channel area and are extremely restricted in their ability to manoeuvre

For up-to-date information on activities in the harbour, please remember to always check the Mariners' Notices at www.darwinport.nt.gov.au, which includes information on hazards and safety zones. Alternatively, you can call the Community Feedback number 1300 724 795 for more information.
